Steambaths & Towel Warmers

PRICE BOOK

steambaths & towel warmers

Mr. Steam has been in the “feel good” business since 1917.

Feeling good is part of Mr. Steam’s DNA.

It’s the how and why we get up in the morning. Customers feel good knowing Mr. Steam is a leader in innovation, has the highest quality products, affordable pricing, top of class warranties, and un-matched customer service.

It’s not just about producing top quality steam systems and experiences, what really gets us fired up is how...

“We feel good, when you feel good.”

With a swipe of the finger, the **iSteam's** intuitive touch screen navigation allows the user to seamlessly control temperature, time, aroma, chroma, audio entertainment, and overall steam system functionality.

iSteam's settings commands include optional chromatic lighting & aromatic infusers to transform your shower into a sensory spa.

The iSteam's Auto-Fading Display incorporates a real time clock, individual user preference settings, and screen dimming technology.

With an Optional Blue Tooth® Audio Streaming System, the iSteam can pair up to (8) devices and (4) in-shower speakers

iSteam employs an exclusive three tier safety system with pass code protection, temperature limit and time-out features built to ISO-9001 certification

Designed and Manufactured with the highest quality fused silica glass and polished cast aluminum, the iSteam has been developed with a Moisture Protection Rating of IP-67 Ingress and is capable of full water immersion of up to three feet.

For illustrative purposes only.

Introducing iSteam™

The **iSteam's** revolutionary touch screen display and feature-rich menu offer a customizable, unsurpassed user experience.

Along with a stunning graphic interface and bespoke design by world renowned Industrial Designer David Farrage, the iSteam evokes effortless elegance.

OPTIONAL EXPRESS STEAM™

Suitable for all MS Models, Express Steam means you can be steaming in seconds. This option includes a built-in thermostat to keep water in the generator tank warm enough to make steam quickly while still allowing water to be safely drained to Code requirements.

MS EXPRESS \$350

All Mr. Steam MS Models are cULus Listed and CE and NOM approved.

† Wire size (AWG) based on minimum 90°C rated THHN copper conductors. Refer to the National Electrical Code for other types of conductors.

*Dimensions are for generator only, without AutoFlush® or plumbing features.

**Shipping weight & pricing are for generator only, without control or steamhead.

†† Water usage based on 20 minutes of operation.

IMPORTANT: All MS Generators available in 240v/1PH, 208v/1PH and other voltages/phases. Add B1 to Model No. for the 208V/1PH. Add C1 suffix to Model No. for the 240V/1PH.

See Mr. Steam Installation and Operation Manual for complete dimensional and installation information.

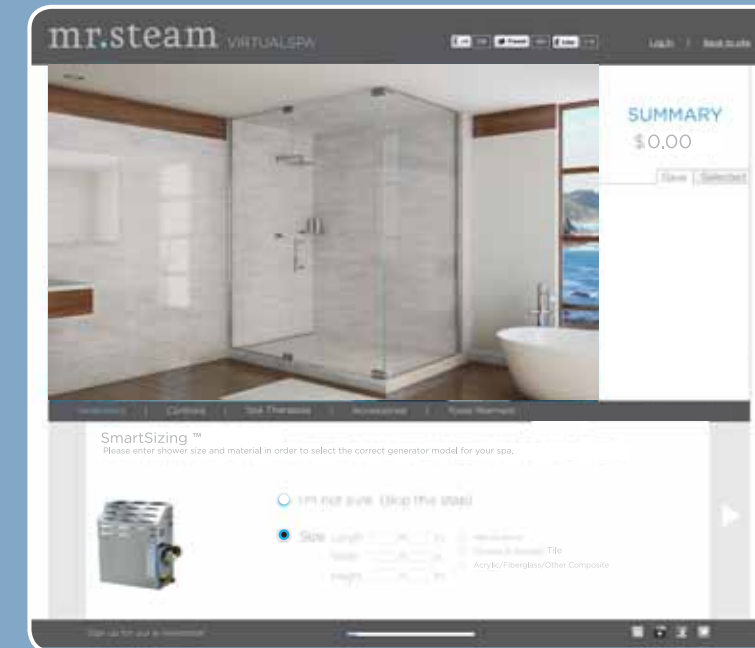

MS SUPER 4E includes two MS SUPER 1E steam generators, and require either iSteam or iTEMPO/Plus Control, and two matching steamheads.

MS SUPER 5E includes two MS SUPER 2E steam generators, and require either iSteam or iTEMPO/Plus Control, and two matching steamheads.

MS SUPER 6E includes two MS SUPER 3E steam generators, and require one iTEMPO/Plus Control, and two matching steamheads.

VirtualSpa

mrsteam.com/virtualspasystem.html

GENERATOR SIZE MATTERS

Steambath Sizing & Selection

Measure length, width & height in feet of the steam enclosure:

Multiply the Length ___ x Width ___ x Height ___

ROOM VOLUME =

Construction Materials:

For natural stones: natural marble, stone, shale, glass block or concrete Add 110%

For ceramic or porcelain tile on cement board or mortar bed Add 40%

Ceiling above 8 ft. Add 15%

Add all figures above to obtain the Total Room Volume required

TOTAL VOLUME

Compare your TOTAL ROOM VOLUME to the Specification Chart on Page 6.

Mr. Steam's new Virtual Spa System™ makes it fast and easy for website visitors to create and visualize a personalized home steam shower. From generators to controls, decorative finishes, lights and options such as Chromatherapy or Aromatherapy, the Virtual Spa System™ enables visitors to select and preview every element of a home steam spa in a simple step-by-step guided process.

Our Virtual Spa System takes you from Bathroom to Spa in 5 Simple Steps

1. Enter your shower dimensions and room material for automatic generator selection.
2. Choose a control package and finish that's perfect for your home.
3. Select a spa package or items a la carte.
4. Opt for accessories that will enhance your steam experience.
5. Add a towel warmer and your virtual spa tour is complete.

You can print or email your selections, find a dealer or call us (technical specs will automatically be sent out with your email) - **it's that simple!**

- Mr. Steam's most popular model uses only 1 gallon of water per 20 minute session.
- Made from 100% recyclable stainless steel...inside & out.

Mr.Steam@Your Fingertips

Start working smarter and leave your pencil at home. Mr. Steam's mobile sizing app works with the iPad®, iPod® and most smart phones. <http://isizing.mrsteam.com>

*Acrylic/Fiberglass showers use SAH 3000 for 60-150 cu.ft. enclosures
Dimensions: 14.375" L x 14.875" H x 5.1875" D • Shipping Weight: 25lbs

Included in Box: SteamStart™ 20 minute In-Shower Control in Polished Chrome, 30 Foot Cable and Cooler-to-the-Touch Steamhead with Acrylic Shield

Steam@Home

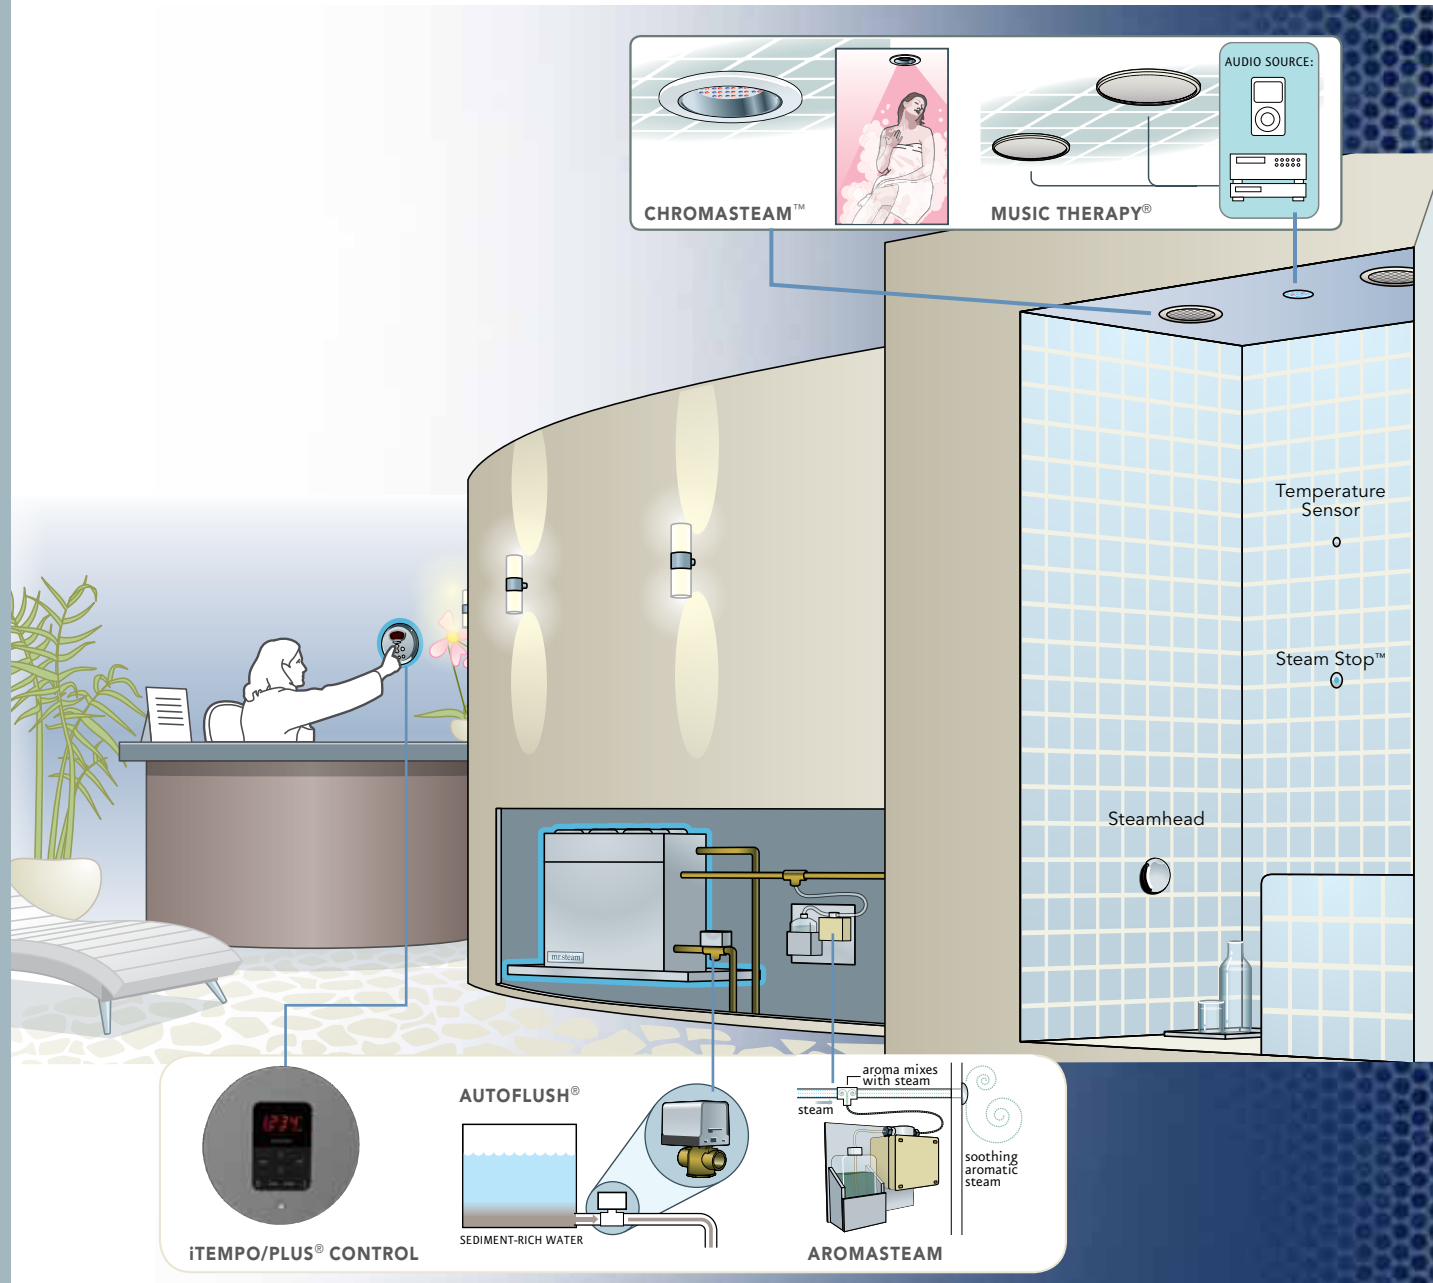

CT DaySpaSteambath System

Perfect for Day Spas and Light Commercial Applications

Mr.Steam® pioneered the CT Day Spa Series of light commercial steamroom products. Now, the Mr.Steam CT Steam Systems provide space-conscious spa facilities with high performance, low maintenance solutions. Constructed of 100% recyclable stainless steel inside and out, Mr.Steam CT Day Spa steam generators combine safety and aesthetics with reliability.

- Compactly designed for functionality and durability
- Easy installation
- Advanced digital iTempo/Plus® controls, allowing the owner/operator to control and customize each user's steam bathing experience
- CT Steam Stop™ control inside the room for the user to further control their session
- The CT System comes standard with AromaSteam steamhead, Express Steam® and the AutoFlush® system
- cULus Listed

CT SIZING CHART

- Measure length, width & height in feet of the steam enclosure:
 Multiply the Length ____ x Width ____ x Height ____
 ROOM VOLUME =
- Construction materials:
 For natural stones: natural marble, stone, shale, glass block or concrete Add 110%
 For ceramic or porcelain tile on cement board or mortar bed Add 40%
- Add all figures above to obtain the Total Room Volume required
 TOTAL VOLUME

Compare your TOTAL ADJUSTED ROOM VOLUME to the Specification Chart on page 26 and select the appropriate model.

Mr.Steam makes it easy to determine which commercial system is right for your location. Choose a CT Day Spa Steam System if ...

- Steam room will be in operation less than 6 hours a day
- Steam room is designed to accommodate up to 2 people at a time
- Steam room does not exceed 675 cu. ft.

IMPORTANT:

- The guidelines for selecting the steambath generator are a recommendation only. Not for multiple steam room applications.
- For steam rooms constructed of acrylic or synthetic materials, select next lower-rated CT model.
- The Total Volume allows for up to 60 feet of insulated steam line from the MS generator to the steam room. If the 60 feet line length is exceeded consult with factory.
- For instructions on installing, operating & maintaining the steam generator unit, accessories and aroma oils, refer to the Mr.Steam CT Day Spa Installation, Operation & Maintenance Manual PN 100426. Visit mrsteam.com to download this Manual or call for a copy.

Visit mrsteam.com to size your generator online automatically

Mr.Steam® CTDaySpaSystem

CT Day Spa steam generators are ideal for light commercial applications such as day spas and resort spas.

CT DAY SPA SYSTEM COMES STANDARD WITH:

- (1) iTEMPO/Plus™ Control *
- (1) Matching AromaSteam Steamhead * with Acrylic Shield (not shown)
- (1) AutoFlush® System
- (1) Express Steam® factory installed (not shown)
- (1) Drip Pan
- (1) CT-Steam Stop™
- (1) MSTs In-Room Temperature Sensor (not shown)

* Available in Designer Finishes. See codes below

IMPORTANT: All Models must use iTEMPO/Plus and STEAM STOP controls. All Mr.Steam CT units are cULus Listed and CE and NOM approved

See Mr.Steam Installation and Operation Manual for dimensional and installation information. Refer to PUR 100426.

Generator Size: 17"L x 18.5"H x 7.875"D (without AutoFlush or plumbing features)

Day SpaPackage | Provide the healing elements of light, scent and sound.

With the CT Day Spa Package, you can provide the full mental, physical and emotional benefits associated with SteamTherapy®

SPA PACKAGE INCLUDES:

- For all CT Day Spa models
- (1) AudioWizard and independent
- (1) Pair of Music Therapy® Speakers
- (1) ChromaSteam™ System
- (1) AromaSteam™ System

CT SPA \$3550

NOTE: ChromaSteam system is for mood lighting only and not a substitute for general illumination.
 AromaSteam oil is not included and must be selected separately. Please select oils on page 21

CTDaySpaAccessories

AudioWizard

- Compatible with most audio sources including iPad and smart phones; Digital music files or internet radio sent from your phone wirelessly to the Audio Wizard.
- One convenient wall-mount Stainless Steel enclosure includes the amp, power supply with simple plug & play connections to power, control and speakers.
- Equipped with Bluetooth® technology. Pairing with up to eight audio devices.
- Output up to four speakers allows for complete bathroom and shower coverage
- Seamless connectivity to a dedicated in-shower control for full function music control including play/pause, last track, next track, mute, fade and volume.
- UL approved for wet locations

AUDIOWIZARD \$1300

AromaSteam System

- Electronic oil delivery system evenly infuses scent into steam
 - Complete with hoses, fittings and oil atomizer
 - Controlled directly from an iTempo/Plus® control
 - cULus Listed
- IMPORTANT:** The AromaSteam pump operates only with the iTempo/Plus Control.

MS AROMA \$1250

AromaSteam Oils

- 1 gallon (4 liters) container
- Specially formulated and packaged for use with AromaSteam System
- Water based Organic oils
- Non-hazardous
- Earth-friendly

CU EUCALYPTUS \$135

CU LAVENDER 135

ChromaSteam®

- Ceiling mounted, vapor-sealed
- Low-voltage LED module
- Energy efficient
- Color selection microprocessor
- Controlled from a dedicated wall switch or directly from an iTempo/Plus® control
- ETL Listed

IMPORTANT: ChromaSteam System is for mood lighting only and is not a substitute for general illumination. For Day Spa type installations only. Not for commercial steam rooms.

MS CHROMA \$450

MS Light

- 8.5" diameter x 4" height
- Robust, surface mount architectural light
- Aluminum body in designer finishes
- cULus wet-locations listed with a fluorescent compact bulb
- Energy Star rated, ADA

MS LIGHT BC Brushed Chrome \$675

ORB Oil Rubbed Bronze 575

Music Therapy® Speakers

- Designed for use inside the shower enclosure
- Two 8.5" diameter flush-mount, two-way marine-grade speakers, polypropylene cones
- ABS frames with white powder-coated grills
- Suitable for most sources of audio input
- Rated 80W peak power with full range sound, 40 watts RMS, 8 ohm impedance

CU SPEAKERS \$350

Mr.Steam® Essential Oils

- Pure essential oils made from natural plant extracts
- 10ml bottles with integral dropper
- Available as a 5-pack, one of each fragrance

103810 Eucalyptus \$30.00

103811 Lavender 30.00

103812 Evergreen 30.00

103813 Energizing Mint 30.00

104012 Violet Nirvana 30.00

MS CHAKRA7 7-Pack \$175.00

Wall-Mounted Seat

- Teak wood, beautifully finished and sealed
- Seat drops for use, folds for storage
- Dimensions: 19.75"W x 13.25"D x 1.25" H
- Rated max. 250 lbs.

MS WALL SEAT

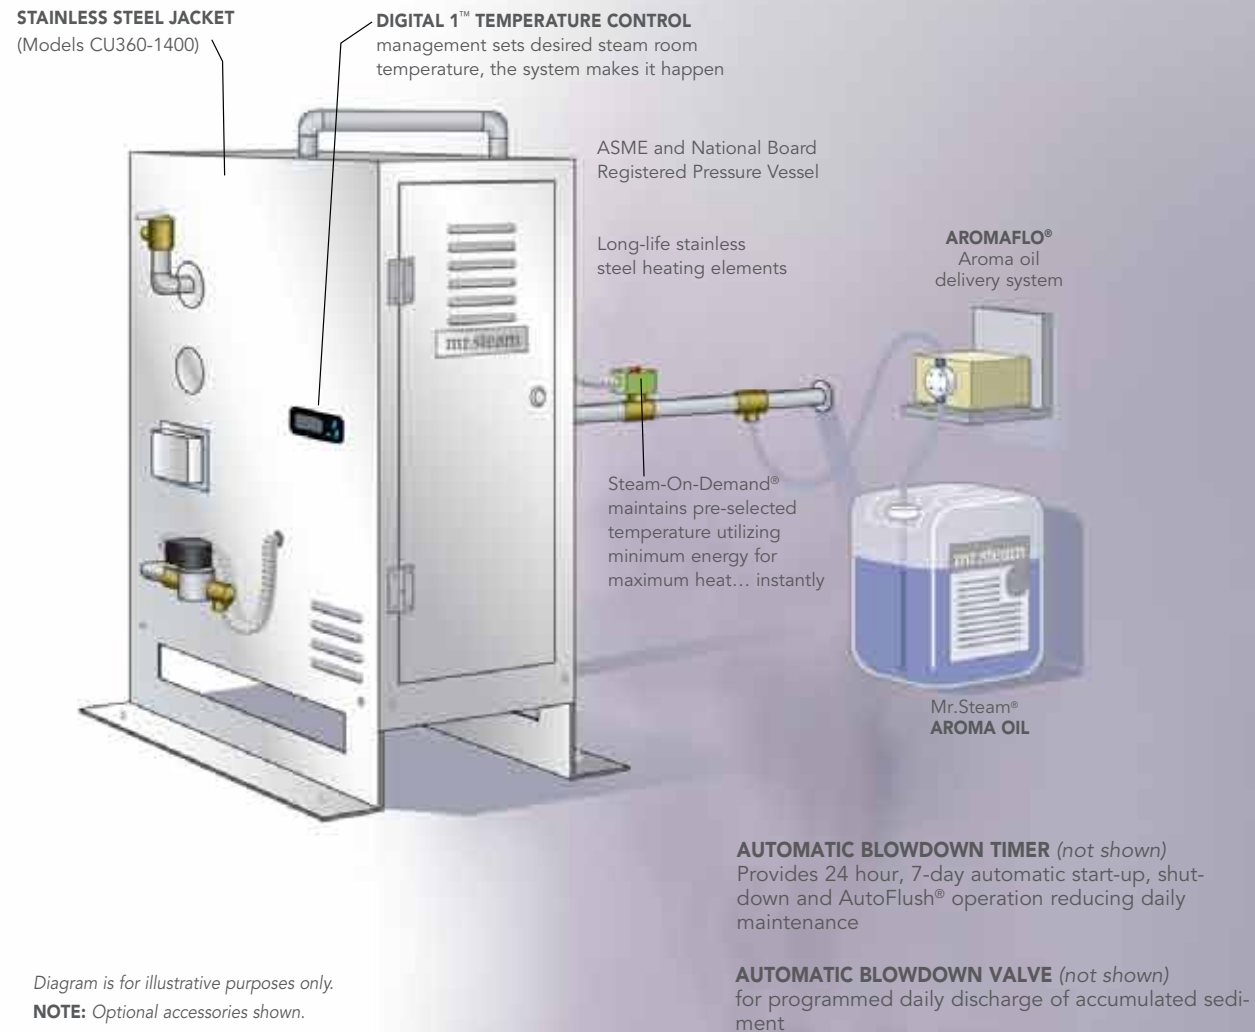

PC Polished Chrome \$500

BN Brushed Nickel 550

ORB Oil Rubbed Bronze 550

Commercial Steam Generators Stainless Steel CU Series for Hotels, Resorts, Spas & Clubs

Unwind and Relax

IMPORTANT: When specifying a CU Commercial Steam Generator the following is strongly recommended for best performance and user satisfaction.

1. One CU steambath generator should service no more than two (2) steam rooms, each relatively similar in size and construction.
2. If two (2) steam rooms are serviced by one (1) CU generator, the combined resultant room volume of the two rooms should not exceed 1400 cubic feet (39.6 cubic meters).
3. Each room must be operated with the appropriate Digital 1 Temperature Control System.
4. In all installations, the purchaser and/or owner/operator must consult with a designer, architect, and or consultant to assure the proper specification of the steambath generator and required optional operating equipment.

Mr. Steam makes it easy to determine which commercial system is right for your location.

Choose a CU Commercial Steam System if...

- Steamroom will be in operation more than 6 hours a day
- Steamroom is designed to accommodate 3 or more steam bathers at a time

For more detailed product information, visit mrsteam.com for the Mr. Steam Commercial Installation, Operation and Maintenance Manual PUR 100376.

STAINLESS STEEL Commercial Steam Unit

FOR ALL MODELS

- Stainless steel jacket prolongs life of unit
- Carbon steel pressure meets ASME and National Board requirements for low-pressure operation.
- Adherence to National and Local Code, and cULus listed for outstanding durability and safety.

CU1000 shown

"After trying a number of home steam therapy systems, I have found Mr.Steam products to be the best. They allow me to enjoy steam therapy regularly, just the way I like it."

– Andrew Weil, M.D.
Author, "8 Weeks to Optimum Health"

Mr.Steam® has been in the **FeelGood** business since 1917

(How does something like that happen you ask?)

Experience: Mr. Steam's parent company has over 95 years designing and manufacturing steam generating equipment for industrial applications, and each one of our steam baths is the culmination of this experience.

Customer Service: At Mr. Steam, we pride ourselves with providing the best customer service, with fully staffed offices on both coasts. Customer care representatives are on hand to answer any questions Monday through Friday, 8 am to 7 pm EST.

Reliability: All Mr. Steam products are made of serviceable industrial grade components and some systems feature state of the art self-diagnostic tools.

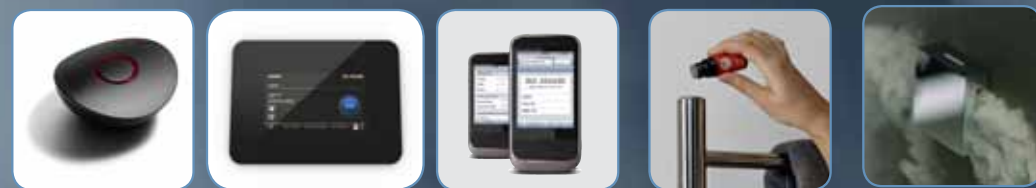

Sustainability: Mr. Steam is environmentally friendly. All home products utilize recyclable stainless steel and use water and energy efficiently.

Quality Certified: All steambath generators are USA and Canadian UL listed, CE and NOM certified.

Precision Sizing: We can provide you with the perfect fit for your steam bath using isizing from your mobilphone or online sizing so that your installation is easy and efficient.

Simple Language Warranty: Our comprehensive warranty is written in plain English and easily available online or from a customer care representative.

Proudly Manufacturing Products in the USA since 1917

DESIGN EXCELLENCE

We'd love to hear from you, keep you up to date on all things steam, and of course, make sure you're feeling good.
