OVER FIFTY YEARS OF EXCELLENCE

STEAM VALVE ORIGINAL BY JACLO

JACLO Industries is pleased to introduce the Steam Valve Original line of kitchen faucets and pot fillers. The Steam Valve Original line is manufactured by Hornbeam & Ivy of Frome England and exclusively distributed throughout North America by Jaclo. The faucets and pot fillers are engineered and designed with the idea of creating an industrial-looking stainless steel faucet that features cutting-edge technology and functionality.

The collection offers a comprehensive range of kitchen faucets including bridge mixers – both deck mounted and wall mounted two handle single hole, three hole mixers and single lever with a range of spout options.

The modular construction of the product allows for a mix and match approach to assembly. All of the spouts are interchangeable with all of the bodies, and with the additional choice of four handle designs, giving the customer a variety of options to choose from. The spouts include not only the traditional looking swivel (goose neck) spout which is available in two sizes, but also an articulated spout and patented “pull-off spray” spout option.

The Steam Valve Original Collection features both deck and wall mounted pot fillers. Both pot fillers complement and match the faucet design, moreover they are offered with the same four handle designs.

MODERN TECHNOLOGY

All Steam Valve Original faucets are created from 100% high-grade, solid stainless steel, brushed or fully polished finish. Solid stainless steel offers superior corrosion and abrasion resistance, additionally it is easy to maintain. The entire collection utilizes ceramic valve technology for a life time of maintenance free service. Because of the 100% stainless steel construction the entire line is in compliance with the new low lead legislation that will be implemented in California (AB1953) and Vermont in 2010.

CHANGES IN DESIGN

JACLO is constantly striving to affect improvements in its products. This may require that changes be made from time to time with respect to the design of its products. Therefore, JACLO reserves the right to affect reasonable changes of any kind without notice and to deliver revised products in fulfillment of any accepted order unless this right is specifically waived on the face of the Consumer's Acknowledgement.

JACLO prides itself in striving for design excellence and is a member of these fine industry trade associations.

JACLO - THINKING GREEN

JACLO Industries recognize the need to conserve water and as a company we are committed to engineering and providing eco-conscientious products that do not compromise quality or performance. All Steam Valve Original faucets can be equipped with water saving aerators that meet or exceed most of today's “green” requirements. JACLO is also a WaterSense partner and is actively participating in the development of new water saving industry standards and technological innovations.

OVER FIFTY YEARS OF EXCELLENCE

CARE INSTRUCTIONS

Cleaning Stainless Steel: To maintain the pleasing appearance of your stainless steel product you must perform periodic cleaning. For best results, stainless steel should be cleaned as often as necessary to prevent films or deposits which may eventually cause corrosive concentration from setting up upon the surface. Whenever possible rinse thoroughly with clean water and a soft cloth. Due to the nature of stainless steel, applying abrasive cleaners which contain chlorides (chlorine bleach) or allowing salty solutions

to evaporate and dry on stainless steel may contribute to corrosive conditions and should be avoided as this will destroy the finish and void the warranty.

Cleaning Spray Head: The spray head is fitted with an easy clean face plate. If the spray is becoming blocked with limescale simply agitate the nozzles by running your finger over the nozzles.

Please note:

Your product warranty may not be valid if the above cleaning guidelines are not followed.

LIMITED LIFETIME WARRANTY

Your new plumbing product is warranted by JACLO INDUSTRIES, 129 Dermody Street, Cranford, NJ 07016.

This warranty is extended to original consumer purchasers only. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

The product (including the finish on the product but excluding any installation hardware not supplied by JACLO) is warranted to be free from defects in material or workmanship under normal use and service for the lifetime of the product, so long as the original consumer purchaser owns it. JACLO's sole obligation under this or any other warranty is limited to repairing or replacing, at JACLO's option, any part or parts of the product which fail to conform to such warranty.

JACLO WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES CAUSED BY A BREACH OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you.

In order to secure warranty performance, the original consumer purchaser must (a) have the product properly installed in accordance with all installation instructions, (b) not subject the product to abuse, misuse or alter it in any way, and (c) remove the product and return it to JACLO, transportation prepaid, together with a brief description of the defect.

JACLO does not authorize any distributor, retailer or other person to modify this warranty or assume any liability on its behalf with respect to it. Any questions regarding the operation of warranty should be addressed to JACLO, Warranty Department.

Standard one year warranty applies to all commercial applications.

JACLO RETURN POLICY

All returns must be accompanied by a JACLO Return Goods Authorization (RGA). Please contact JACLO customer service for return authorization. Once the product(s) are returned they will be subject to inspection by the JACLO returns department. Pending the results of the inspection final disposition may be one of the following:

- Full credit, i.e. Manufacturer Defect (Please see Limited Lifetime Warranty), Shipped in error and is in a resell condition
- Credit with a minimum 20% restocking fee, All other circumstances
- No credit, Product returned cannot be resold in its current condition and does not fall under JACLO's warranty

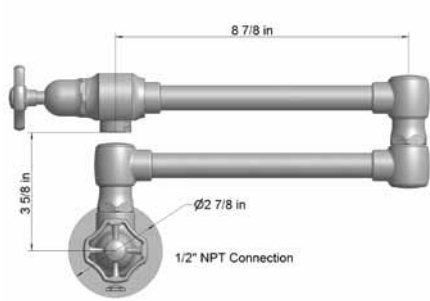

All returned items declared "No Credit" will be disposed of after 30 days from date of receipt by JACLO. All custom items are subject to final sale and cannot be returned for credit.

***All pricing subject to change without notice**

HOW TO ORDER

EXAMPLE: HOW TO ORDER SOLID STAINLESS STEEL FAUCETS

ITEM	SPECIFICS	BRUSHED STAINLESS	POLISHED STAINLESS
1003-*_***	Wall Mount	\$1075.00	\$1185.00

Handle Options

X= metal wheel

M= metal lever

W=white ceramic lever

B=black ceramic lever

BSS= Brushed Stainless Steel
*Formerly BSS= 52

PSS= Polished Stainless Steel
*Formerly PSS= 60

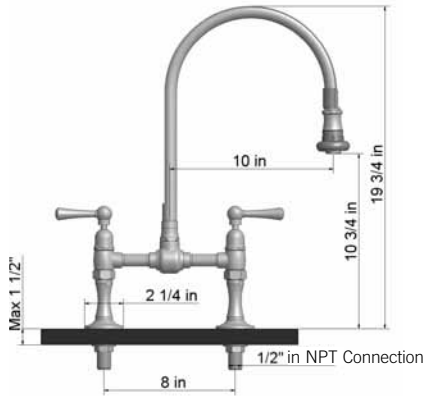

1. Choose your desired product. (Item Number)
2. Specify your desired handle. For example, to order the pot filler pictured above with the metal lever, it becomes 1003-M .
3. Specify your finish. For example, to order the pot filler pictured above with the metal lever in Brushed Stainless Steel, it becomes 1003-M-BSS.

DECK MOUNTED BRIDGE MIXERS

SOLID STAINLESS STEEL

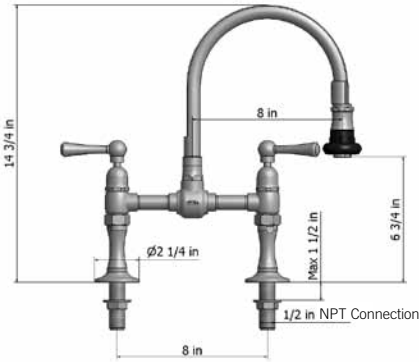

PULL-OFF SPRAY WITH 10" SWIVEL SPOUT

ITEM	SPECIFICS	BRUSHED STAINLESS	POLISHED STAINLESS
